

Warning Concerning Online Fraud

Greetings from Bill Winston Ministries,

Social media is an important and growing part of our ministry outreach to connect with partners and friends around the globe. We use Facebook, Twitter and other social media channels to share testimonials, prayers, words of encouragement, and news about upcoming events.

As with any emerging technology, certain people find ways to use the technology for wrong or harmful purposes. Unfortunately, we have received various reports that some people are using the name of Bill Winston Ministries and Dr. Bill Winston on social media to fraudulently solicit funds for personal use. We want to take this opportunity to inform you that we do not and will not solicit funds in any private message or chat session using social media.

We are asking our partners and friends that if you suspect someone is misrepresenting our ministry on any social media platform, please contact us immediately at socialnet@bwm.org or 708-697-5100 and be cautious about sending money or personal information to anyone requesting it online by any communication method.

Our purpose is to be a blessing to you and to be good stewards of what God has entrusted to us. Below you will find the only official links to our Social Media channels.
